In the summer of 1903 the Manningham Football Club made the momentous decision to give up the Rugby code and take up the Association game under the guise of Bradford City. This is the story of that transformation told through the period press and additional narrative by the author. Every game of both seasons covered: 1902/03 Manningham's last season of Rugby football; 1903/04 Bradford City's first season of Association football - stats and full period match report.

First published in 1880, *Ben-Hur: A Tale of the Christ* became a best-seller. The popular novel spawned an 1899 stage adaptation, reaching audiences of over 10 million, and two highly successful film adaptations. For over a century, it has become a ubiquitous pop cultural presence, representing a deeply powerful story and monumental experience for some and a defining work of bad taste and false piety for others. The first and only collection of essays on this pivotal cultural icon, *Bigger Than "Ben-Hur"* addresses Lew Wallace's beloved classic to explore its polarizing effect and to expand the contexts within which it can be studied. In the essays gathered here, scholars approach *Ben-Hur* from multiple directions—religious and secular, literary, theatrical, and cinematic—to understand not just one story in varied formats but also what they term the "Ben-Hur tradition." Drawing from a wide range of disciplines, contributions include the rise of the Protestant novel in the United States; relationships between and among religion, spectacle, and consumerism; the "New Woman" in early Hollywood; and a "wish list" for future adaptations, among others. Together, these essays explore how this remarkably fluid story of faith, love, and revenge has remained relevant to audiences across the globe for over 130 years.

**NEW YORK TIMES BESTSELLER** • “ A shining portrait of a presciently modern political genius maneuvering in a gilded age of wealth, optimism, excess and American global ascension. ” —San Francisco Chronicle  
**WINNER OF THE LOS ANGELES TIMES BOOK PRIZE FOR BIOGRAPHY** • “ [Theodore Rex] is one of the great histories of the American presidency, worthy of being on a shelf alongside Henry Adams's volumes on Jefferson and Madison. ” —Times Literary Supplement  
Theodore Rex is the story—never fully told before—of Theodore Roosevelt's two world-changing terms as President of the United States. A hundred years before the catastrophe of September 11, 2001, “ TR ” succeeded to power in the aftermath of an act of terrorism.

Youngest of all our chief executives, he rallied a stricken nation with his superhuman energy, charm, and political skills. He proceeded to combat the problems of race and labor relations and trust control while making the Panama Canal possible and winning the Nobel Peace Prize. But his most historic achievement remains his creation of a national conservation policy, and his monument millions of acres of protected parks and forest. Theodore Rex ends with TR leaving office, still only fifty years old, his future reputation secure as one of our greatest presidents.

Over the past decade, historians and sociologists have increasingly used visual materials, in particular photographs, in their work. This volume brings together historians, sociologists, anthropologists, and media and visual scholars to articulate how photography, as a practice and as a visual medium, can provide insights into national memory, collective identities, and the historical imagination. This collection allows the reader to trace parallel conceptual developments occurring in the sociology and anthropology of memory and in the history and theory of photography, and to illustrate the unique "angles of vision" these disciplines offer. Photographic images commonly accompany historical accounts, from documentaries to family scrapbooks, and since the early days of commercial photography, pictures have been viewed as tools to capture memories. Later critical writing has challenged this equation by inverting it: photos, along with other archival practices, were often viewed as falling short of their supposed function as vessels of memory and at times even denounced as devices that distorted memories. How does photography participate in the formation and maintenance of collective identities and shared memory discourses, from the family to the nation? Furthermore, how can we begin to conceptualize photography's effects on the historical imagination of individuals and groups? Double Exposure endeavors to answer these questions by calling attention to the variety of contexts in which images circulate and to the narratives

from which they spring and which they, in turn, shape. This is the latest volume in Transaction's Memory and Narrative series.

Charlie Siringo (1855 – 1928) lived the quintessential life of adventure on the American frontier as a cowboy, Pinkerton detective, writer, and later as a consultant for early western films. Siringo was one of the most attractive, bold, and original characters to live and flourish in the final decades of the Wild West. His love of the cattle business and of cowboy life was so great that in 1885 he published *A Texas Cowboy, or Fifteen Years on the Hurricane Deck of a Spanish Pony—Taken From Real Life*, which Will Rogers dubbed the “Cowboy’s Bible.” Howard R. Lamar’s biography deftly shares Siringo’s story within seventy-five pivotal years of western history. Siringo was not a mere observer but a participant in major historical events including the Coeur d’Alene mining strikes of the 1890s and Big Bill Haywood’s trial in 1907. Lamar focuses on Siringo’s youthful struggles to employ his abundant athleticism and ambitions and how Siringo’s varied experiences helped develop the compelling national myth of the cowboy.

This biographical history tells the story of an American family in conflict and four brothers' attempts to regain the prestigious position their family once held. Loaded with never-before-published photos and little-known facts, this probing character study examines the men, the myths, and the legends of the Outlaw Youngers. The Youngers - Bob, Cole, Jim, and John - tested the boundaries of the violent and turbulent post-Civil War society in which they lived. The author investigates events from the Border and Civil Wars, details of the Youngers' attempts at legitimate ranching in Texas, and the frequent and often brutal murders and robberies. Using never-before-published accounts from Jim and Bob Younger, the

# Read Online Bradford City Season Scrapbook 1903 04 Inc Manningham 1902

author presents a new theory regarding the James-Younger gang and the actual Younger involvement - a theory which opposes the one held for over 100 years. She also offers insights into the Northfield robbery and gives reasons why the Youngers' parole was delayed.

William F. “ Buffalo Bill ” Cody was the most famous American of his age. He claimed to have worked for the Pony Express when only a boy and to have scouted for General George Custer. But what was his real story? And how did a frontiersman become a worldwide celebrity? In this prize-winning biography, acclaimed author Louis S. Warren explains not only how Cody exaggerated his real experience as an army scout and buffalo hunter, but also how that experience inspired him to create the gigantic, traveling spectacle known as Buffalo Bill ’ s Wild West Show. A dazzling mix of Indians, cowboys, and vaqueros, they performed on two continents for three decades, offering a surprisingly modern view of the United States and a remarkably democratic version of its history. This definitive biography reveals the genius of America ’ s greatest showman, and the startling history of the American West that drove him and his performers to the world stage.

With a single shot from a pistol small enough to conceal in his hand, John Wilkes Booth catapulted into history on the night of April 14, 1865. The assassination of President Abraham Lincoln stunned a nation that was just emerging from the chaos and calamity of the Civil War, and the president's untimely death altered the trajectory of postwar history. But to those who knew Booth, the event was even more shocking-for no one could have imagined that this fantastically gifted actor and well-liked man could commit such an atrocity. In *Fortune's Fool*, Terry Alford provides the first comprehensive look at the life of an enigmatic figure whose life has been overshadowed by his final, infamous act. Tracing Booth's story from his uncertain childhood in Maryland, characterized by a

# Read Online Bradford City Season Scrapbook 1903 04 Inc Manningham 1902

difficult relationship with his famous actor father, to his successful acting career on stages across the country, Alford offers a nuanced picture of Booth as a public figure, performer, and deeply troubled man. Despite the fame and success that attended Booth's career--he was billed at one point as "the youngest star in the world"--he found himself consumed by the Confederate cause and the desire to help the South win its independence. Alford reveals the tormented path that led Booth to conclude, as the Confederacy collapsed in April 1865, that the only way to revive the South and punish the North for the war would be to murder Lincoln--whatever the cost to himself or others. The textured and compelling narrative gives new depth to the familiar events at Ford's Theatre and the aftermath that followed, culminating in Booth's capture and death at the hands of Union soldiers 150 years ago. Based on original research into government archives, historical libraries, and family records, Fortune's Fool offers the definitive portrait of John Wilkes Booth.

Moses S. Curtis was born in Bennington County, Vermont in 1823 and died in 1879. In 1851 he married Rebecca McComb Folwell. She was born in Venango County, Pennsylvania 1835 she died in 1876. They had 3 children.
