Bert Scalzo and Dan Hotka have written the definitive, up-to-date guide to Version 12.x. Dell's powerful new release of Toad for Oracle. Packed with step-by-step recipes, detailed screen shots, and hands-on exercises. Toad for Oracle Unleashed shows both developers and DBAs how to maximize their productivity. Drawing on their unsurpassed experience running Toad in production Oracle environments, Scalzo and Hotka thoroughly cover every area of Toad's functionality. You'll find practical insights into each of Toad's most useful tools, from App Designer to Doc Generator, ER Diagrammer to Code Road Map. The authors offer proven solutions you can apply immediately to solve a wide variety of problems, from maintaining code integrity to automating performance and scalability testing. Learn how to... Install and launch Toad, connect to a database, and explore Toad's new features Customize Toad to optimize productivity in your environment Use the Editor Window to execute SQL and PL/SQL, and view, save, or convert data Browse your schema, and create and edit objects Quickly generate useful reports with FastReport and Report Manager Clarify your database's tables and data with the powerful Entity Relationship Diagrammer (ERD) and HTML documentation generator Work more efficiently with PL/SQL using code templates, snippets, and shortcuts Automate actions and applications with Automation Designer Perform key DBA tasks including database health checks, tablespace management, database and schema comparisons, and object rebuilding Identify and optimize poorlyperforming SQL and applications ON THE WEB: Download all examples and source code presented in this book from informit.com/title/9780134131856 as it becomes available.

Geometrical, flight, computational fluid dynamics (CFD), and wind-tunnel studies for the F-16XL-1 airplane are summarized over a wide range of test conditions. Details are as follows: (1) For geometry, the upper surface of the airplane and the numerical surface description compare reasonably well. (2) For flight, CFD, and wind-tunnel surface pressures, the comparisons are generally good at low angles of attack at both subsonic and transonic speeds; however, local differences are present. In addition, the shock location at transonic speeds from wind-tunnel pressure contours is near the aileron hinge line and generally is in correlative agreement with flight results.

Lists citations with abstracts for aerospace related reports obtained from world wide sources and announces documents that have recently been entered into the NASA Scientific and Technical Information Database.

Shows the species of frogs and toads in the United States and Canada, accompanied by a seventy minute CD which includes the calls of nearly every species.

This book is designed to be a course guide for my course of the same name. This book would make an excellent reference manual as well. This book covers the newer workbook features of Toad Data Point. It builds 2 work flows and contains a series of useful tips for both the business analyst and setting up data for analysis.

IF YOU KISS A FROG, HE JUST MIGHT TURN INTO A PRINCE. IF YOU KISS A TOAD, HELL JUST PEE ON YOUR HAND. This is the book emotionally abusive partners do NOT want you to read. It sounds so simple -- get out of a harsh relationship, remove the shrapnel, and move on. But some guys don't make that possible. Sometimes you get out of the relationship, like with a narcissist, but you can't recover because he doesn't give you a chance. He won't leave you alone long enough. Alexandra Nouri knows that personality-disordered people, psychopaths, sociopaths, and their ilk, in fact make leaving as difficult as possible. Getting out of a relationship with a narcissist is excruciating, but staying out of one takes the resolve of an Army. A narcissist is constantly pushing and pulling, devaluing you and everything about you, sucking you back in and making you believe the two of you have a chance, and basically pushing some very tender buttons, all in a big fat confusing and chaotic mess. When a relationship is ending, feeling hurt and angry is normal, but if you feel like you're losing your mind, like your very survival is being threatened, then this book is written with you in mind. Those feelings mean he's messing with your head. And that's not cool. "Life," Aunt Alex says, "is uncertain, and mysterious. However, when it comes to life, you can count on three things. The sun will always rise in the East. If you hold up a cast iron frying pan and then let it go, it will not hover in the air and make a tweety sound. And if you go back to a guy with a personality disorder, he WILL hurt you again." Their breakups are all the same. Idealize, devalue, annihilate, string along, devalue, string along, annihilate, string along. The toad modus operandi gets very old and very boring, very fast. When he manipulates, deceives, and encroaches on your boundaries, that's not a power struggle. Or an argument. That's abuse. Aunt Alex's Army is the answer. The Army will brief you, train you, and give you your marching orders to a toad-free life. This is Aunt Alex's Army Manual, and here she musters the troops to lift up and empower the reader. You'll learn: * Who Toads Are * Who Kisses Them * Why Moving Forward Takes An Army * The Three Toad Truths * The Five Toad Motivators for Getting Into Relationships * What Toadspeak is, and Why It Drives People Crazy * What To Do About It * Your Psyche's Information Highway, and How to Pave New Roads to Health * The Five Army Maneuvers In Reality * Why It's Mandatory to Be All You Can Be There's nothing wrong with believing in epic love. There's just something wrong with expecting to get it from a narcissist. "You lost him because you're not good enough" is the #1 most toxic, worthless lie an ex sometimes hears from the toad, from other people, and even the gremlins inside her head. These are lies a toad wants you to believe -- that the reason you two aren't together right now in utter bliss is because you're not good enough. Not attractive enough, not interesting enough, not smart, happy, compatible, sexy, open, fun enough, doesn't matter: He wants you to believe the reason you two aren't working out is because of a serious shortcoming in YOU. Usually this is very vague, with hints and shrugging dissatisfaction. And he's really hoping this vagueness takes the focus off of the real causes of all the destruction: His absence of empathy. In the book Toads, and the Women Who Kiss Them Aunt Alex's Army Manual, Alexandra Nouri gives legions of examples of their confusing, bizarre ways, and straightens them out for you. She supports you in your new quiet disregard for BS, and helps you rise above the chaos and neurosis of his weird behavior. She translates the Toadspeak. She teaches you how to remove the shrapnel of his abuse so your broken heart can heal. A portion of the proceeds goes to the Futures Without Violence Fund. Find them at www.dut.futureswithoutviolence dot org.
